### All the Trimmings

For nearly 70 years, Listerouge has established itself as one of the world's finest custom shirt makers, with more than 1,500 fabrics and patterns in its repertoire. Give the man in your life the ultimate in customization with the company's Style Statement gift package. Available on Listerouge's website through December, the one-of-a-kind gift includes a private fitting and style consultation at the company's New York showroom or at your man's Manhattan office. ## WISH LIST

To help calm the seasonal shopping whirl, TBI offers a few gift-giving picks for man, woman and child. Now the only thing to take care of is the gift-wrapping — because presentation, after all, is half the fun. — *Meirca Tam*

### Merry Christmas, Baby

Make the little one extra-snuggly with Buckingham Babies' sweater and hat line, hand-knitted with ultra-soft cotton. Choose Little Spot, a pullover sweater adorned with a chubby giraffe. The coordinating beanie cap features giraffe spots and a tail. For a holiday version, pick Rockin' Around the Christmas Tree, with a star-topped green tree on both the sweater and the matching jester hat. [Buckinghambabies.com](http://Buckinghambabies.com).

### Mistletoe Must

Dazzle your mate with the 2007 Holiday Collection from Nars. Bursting with metallic and shimmering shades, the line is a must-have for special occasions — perhaps a New Year's Eve black-tie affair? The

Night Rider single eye shadow in soft plum with silver glitter stunningly complements the Night Snow version in sheer white. Rose Gitane lip gloss and Saratoga nail polish provide that extra-special finish. *Neiman Marcus, Nordstrom, Sephora, International Plaza, Saks Fifth Avenue, WestShore Plaza.*
